

Americans 18 Miles From Strategic Port

Invasion Highlights

HEADQUARTERS OF THE 21st ARMY GROUP, June 9—(AP)—American troops have cut the Cherbourg-Carentan broad-gauge railway in a steady buildup of the bridgehead, it was disclosed today.

They also crossed the Carentan-Cherbourg road, and gains have been made southwest of Bayeux. In the area where the British are bitterly engaged, violent fighting is raging and the Germans are making an all-out effort to throw off British attacks. Enemy strongpoints previously bypassed have been wiped out.

ROME, June 9—(AP)—Lt. Gen. Mark W. Clark, Fifth army commander, said today that Pope Pius expressed to him great satisfaction with Allied authorities' handling of the feeding problem since the occupation of Rome.

Clark said the pontiff, with whom he talked for 10 minutes yesterday, had been greatly concerned that chaotic conditions might arise with the city's fall. Pope Pius said that his concern had been removed.

The pope requested Clark to convey his warmest regards and best wishes to President Roosevelt, and Clark said he had done so.

SUPREME HEADQUARTERS, Allied Expeditionary Force, June 9—(AP)—American troops have captured Ste. Mere Eglise, 19 miles southeast of Cherbourg, and the Germans said they had pushed on a mile closer toward the port.

U. S. infantry and parachute troops have joined forces in a 28-mile salient in this narrow neck of the Cherbourg peninsula. The total bag of German prisoners has risen to at least 2,400.

LONDON, June 9—(AP)—Rain, which began falling early last night on Dover strait, had ceased by 9 a. m. (3 a. m. EWT) today and the breeze from the southwest was freshening a little. The temperature at that time was 54 degrees.

A low blanket of misty clouds still lay over the strait, and visibility was no more than three to four miles.

The breeze had freshened by early afternoon to make the sea choppy with a nasty swell, and a light drizzle was falling. There were white-capped breakers off the English coast.

As the low cloud formations often came down to sea level visibility was very poor, at times not more than a mile.

ROME, June 9—(AP)—Allied headquarters announced today the capture of Viterbo, Vetralla and Tarquinia.

Viterbo is 40 miles northwest of Rome. Tarquinia is 55 miles northwest of Rome near the coast. Vetralla is on a lateral road between Tarquinia and Viterbo.

SUPREME HEADQUARTERS, Allied Expeditionary Force, June 9—(AP)—French parachute troops are participating in the invasion of Cherbourg peninsula, proving especially effective as guides through their knowledge of terrain.

SUPREME HEADQUARTERS ALLIED EXPEDITIONARY FORCE, June 9 (AP)—Brig. Gen. Paul L. Williams of Detroit was disclosed to be commanding the Ninth Air Force Troop Carrier Command, and to have been one of the men who planned and directed the D-day airborne operations.

NEW YORK, June 9—(AP)—NBC said today that Berlin radio is "apparently getting ready for a possible fall of the Vichy government which is meeting today."

It recorded a Berlin broadcast saying "the people's national" government is ready to take over if the French government does not do its duty."

SUPREME HEADQUARTERS, Allied Expeditionary Force, June 9—(AP)—Lt. Gen. Omar N. Bradley, the "Doughboys" General, has landed in France and personally is directing the American advance below Cherbourg, which German accounts said had reached within 18 miles of that great port and captured Ste. Mere Eglise.

Bradley's troops also occupied Formigny 20 miles southeast of Ste. Mere Eglise on the Caen-Carentan road.

STOCKHOLM, June 9—(AP)—The Finnish government has indefinitely banned the opposition newspaper Svenska Pressen, on the ground that it is too pro-Ally, a Helsinki dispatch said today.

LONDON, June 9—(AP)—The Berlin radio said today that Premier Tojo of Japan had sent a message to Adolf Hitler expressing "complete confidence in the victory of German arms over the British-American invasion."

SUPREME HEADQUARTERS, Allied Expeditionary Force, June 9—(AP)—U. S. heavy bombers striking from the south 500 to 750 strong battered prime targets in the Munich area of southern Germany today, in a new pincers attack on the Nazi war machine coordinated with disruptive blows on German positions in France from the west.

The bombers, flying into the Munich area for the first time from Italy, and their escorting Lightnings, Thunderbolts and Mustangs fought through clouds of German fighters to reach their targets.

WASHINGTON, June 9—(AP)—President Roosevelt told his news conference today that the fighting in France is making slow progress—but it is still progressing.

The sea is a bit rougher, he said. Otherwise he had no news on the war.

WASHINGTON, June 9—(AP)—President Roosevelt said today 1,000 European war refugees will be brought to this country and housed in an unused military establishment at Fort Ontario near Oswego, New York.

The one thousand, Mr. Roosevelt said, represented the total number of refugees now destined for this country.

On the Normandy Beachhead, (Delayed)—(AP)—The prisoners taken here are an unimpressive lot and obviously not up to the standard of the best Russia-hardened German divisions, although they're fit enough and some of the younger ones make an effort at showing a bit of Nazi arrogance.

The captured included several foreigners, former prisoners in Germany who had seized Nazi offers to get better treatment and pay as soldiers of the Reich. They were by no means reluctant to surrender promptly.

This weakness is well known to the Nazis and it they try to put these men in spots where they cannot do much harm.

Some claimed the German command had been expecting an attack in this area right along.

That they have been expecting it over the past few months, or at least were trying to strengthen an obviously weak point in their armor, was evidenced by the fact that many of the mines were newly laid, and most of the beach strong points that bedeviled our forces had been put up quite recently.

Receives 'Induction' Card, Already has Son in the Army

"Mt. Pat," said an elderly Negro Sedalia man, calling J. K. "Pat" Kidd, clerk of the draft board at his home, Thursday night. "I'm worried, I have a son overseas, and today I got an induction card. I'm too old to go into the army, Mr. Pat, what will I do?"

For a minute Mr. Kidd was stumped. "If you received a card for induction into the army it has been a mistake of some kind," he explained, then suddenly he thought of the "Induction" cards sent out by the Pettis County War Bond committee, and explained to the relieved gentleman its meaning.

Buy War Bonds, Aid Invasion

LaMonte First Township in County to Report Over the Top

B. F. Parker, chairman for LaMonte township in the Fifth War Loan drive, notified C. L. Hanley, general chairman for Pettis county, at noon today that LaMonte township had reached its \$30,000 quota in advance of the 2 to 9 p. m. sales and is "still going strong."

The Fifth War Loan is off to a flying start. Even before the official opening of the drive at 2 p. m. today, the downtown "Induction Centers" in Sedalia were crowded with bond buyers. Reports coming into Bond Headquarters, 308 South Ohio Avenue, from outside Sedalia indicate that all Pettis county townships are writing bonds in large numbers.

Perhaps the largest individual purchase of bonds made this morning was by a Sedalia business man who handed 20 bills of \$1,000 denomination each to an "Induction Center Colonel," and requested that a bond be issued for \$20,000. The "Colonel" said: "I never saw so many \$1,000 bills in my life. Not trusting myself to handle them, I asked the bond buyer to come right to the bank with me and receive his bond there."

Grand Opening

Hardly a person within Sedalia was able to ignore the fact that the bond drive opened at 2 o'clock this afternoon. Whistles on the factories and bells ringing ushered in the seven-hour campaign to sell bonds at a breakneck speed. Airplane formations from the Sedalia Army Air Field flew over the city and countryside. The Highway State Patrol cars drove through the streets blowing sirens and brought much of the traffic to a standstill.

An hour by hour report on the progress of the sale of war bonds will be made from Bond Headquarters during the seven-hour period from 2 o'clock this afternoon until 9 o'clock this evening.

Civilian D-Day

WASHINGTON, June 9—(AP)—Plans for "civilian D-Day"—next Monday—to touch off the Fifth war loan drive were unfolded by the treasury today.

Spearhead of the \$16,000,000,000 campaign will be ceremonies at Texarkana, on the border of Texas and Arkansas.

There treasury secretary Morgenthau and governors of Texas, Arkansas, Louisiana, Oklahoma and New Mexico will join in a day of activities climaxed by an hour-long radio program produced by actor-author Orson Welles.

Besides Welles, 18 stage, screen and radio stars will participate in the program starting at 10 p. m. (Eastern War Time).

Joe E. Brown, Walter Houston, Danny Kaye, Keenan Wynn, Agnes Moorhead and Joseph Cotten will be in Texarkana for the occasion. Joining in the broadcast from Hollywood will be Lionel Barrymore, Charles Laughton, Paul Muni, Edward Arnold, Walter Pidgeon, Susan Hayward, Gloria Jean, Thomas Mitchell, Laird Cregar, Martha O'Driscoll, Jane Randolph and Ray Collins.

Germans Abandon Tarquinia

Enemy Shows no Disposition to Take Determined Stand in Italy

LONDON, June 9—(AP)—The German high command today announced the abandonment of Tarquinia in Italy. Tarquinia is about 10 miles north of Civitavecchia.

By Noland Norgaard

ROME, June 9—(AP)—German forces guarding the Adriatic sector have started to retreat to avoid encirclement, and for the first time since launching their offensive nearly a month ago Allied troops rolled forward today along the entire Italian front.

Striving to maintain close contact with the fleeing enemy, who has shown no disposition as yet to make a determined stand, the Allied Fifth army raced steadily north and northwest from Rome. Lt. Gen. Mark V. Clark's columns, driving north from the capital, occupied the entire Lake Bracciano area and moved on to capture Caprarola, 34 miles north of Rome on the east side of Lake Di Vico, and about 10 miles southeast of the highway junction town of Viterbo.

To the northwest Allied units racing on from Civitavecchia were reported by front line dispatches to be shelling Tarquinia, 55 air-line miles from Rome and about three miles inland from the Tyrrhenian coast.

An Allied spokesman said that among prisoners taken in the Lake Bracciano area were Nazis from the 20th German luftwaffe field division.

Moved from Denmark

"This division came to Italy from Denmark, which according to the prisoners, it left only a week ago," said the spokesman. "The 20th Luftwaffe field division differs from the normal infantry division only in the fact that its personnel is drawn from the Luftwaffe ground staff, as in the case of the Hermann Goering Panzer division."

The five-month standstill on the lines in the Adriatic sector ended with the Germans starting a withdrawal between the coast and Crechco, five miles inland. The Eighth army forces moved up two miles and occupied Tollo, which is only seven and a half miles from the provincial capital of Chieti. The Nazis promptly began shelling the advance.

In the Fifth army surge north of Rome, the troops moved seven miles north to win the Bracciano area. Another element seized the town of Sutri, six miles north of Lake Bracciano.

The Eighth army conformed with this drive by a continued thrust northward along the east side of the Tiber, but progress there was slower due to demolitions and mines.

Officer on Way Back to Top

By William Frye

WASHINGTON, June 9—(AP)—An army promotion list disclosed today that a major general, demoted in the field to his permanent rank of colonel during the touch-and-go situation at Salerno last September, is on his way back to the top.

Col. Ernest J. Dawley, a native of Antigo, Wis., was nominated yesterday by President Roosevelt for promotion to brigadier general—the first public disclosure that Dawley had been "busted." Nine months ago he was a major general, commander of an army corps.

Two factors are said in high quarters to have brought the new promotion for Dawley: (1) A feeling that his demotion under the stress of a battle situation in which the Germans nearly crushed the Salerno beachhead may have been too hasty, and (2) the fact that Dawley since has demonstrated once more his great abilities as a soldier.

A colonel on the permanent regular army promotion list, Dawley became a temporary major general Sept. 29, 1941. The following March he assumed command of the Sixth corps at Providence, R. I., and subsequently went to North Africa.

De Gaulle to Washington

WASHINGTON, June 9—(AP)—President Roosevelt said today he is expecting a visit from General Charles de Gaulle of the French National Committee on Liberation. Mr. Roosevelt told a news conference he has sent word to De Gaulle, who is now in London on the invitation of Prime Minister Churchill, that he would be glad to see him this summer and suggested two dates between June 22 and 30, or between July 6 to 14.

Early this week, the president said, Vice Admiral Raymond Fernald of the French navy visited him to ask if the chief executive would be willing to receive De Gaulle. The admiral is now enroute to deliver the president's message to De Gaulle. Mr. Roosevelt said he has heard nothing further.

Talk Another MW Strike

WASHINGTON, June 9—(AP)—Another Montgomery Ward strike in Chicago shaped up as a possibility today, with a union statement that if it comes the government again will be asked to take over the plant.

A special house committee, which wound up public hearings yesterday on the authority of President Roosevelt to seize the Ward plant in April, developed this set of facts:

1. The War Labor Board has again ordered Wards to extend a CIO contract which includes a union maintenance of membership clause.

2. Ward officials challenged the WLB's right to impose such a condition.

3. The union said that a new strike was quite probable, as a result and that the president would be asked, if that happens, to seize the property again.

Samuel Wolchok, president of the International Retail and Wholesale Workers (CIO), told the committee that if Ward's contention that it is not a war industry is upheld, it would be necessary then for the union to say it had no obligation to stay on the job.

He told reporters that if Wards refuses to obey the new WLB order to extend the old contract, there would be a strike.

In the previous seizure, Wolchok testified, the government "did nothing to enforce the WLB directive for restoration of the provisions of the contract."

Authority to Close One Week Day

KANSAS CITY, June 9—(AP)—Retail stores and service organizations in the midwest have been authorized to close their establishments one work day each week during the summer months without prior approval of the War Labor Board, the regional office announced here today.

Churchill's Nephew Prisoner

By the Associated Press
The German high command, in its communicative broadcast today said that British Lt. Col. Tom Churchill, described as commandant of the island of Lussino in the Adriatic, had been taken prisoner. Berlin identified Churchill as a nephew of the British prime minister.

Reds Improve Their Positions

LONDON, June 9—(AP)—Moscow announced today that Soviet troops seeking to improve their positions, have captured a height of "great importance" north of Iasi in Romania, where a German radio commentator declared yesterday that Russian armored forces had launched an offensive on a wide front.

The broadcast Soviet communiqué, however, made no mention of a large scale offensive, but said about 200 Germans were killed and several enemy tanks destroyed as Nazi counter-attacks to restore the captured position were frustrated.

Ernst von Hammer, the Nazi commentator, declared Red army troops advanced several miles in the center and on the left flank in the Iasi sector.

War Loan Drive Window Display

A special window display at Flower's 219 South Ohio avenue, in connection with the Fifth War Loan drive starting today shows types of U. S. Army equipment that can be supplied by individual bond purchases.

In the exhibit are a jungle hammock enclosed with top covering and netting, valued at \$19.95; a mountain tent, with metal stakes valued at \$27, and a parachute bomb, which costs \$20.31.

These articles were furnished for display by a textile company (Tetron) which is cooperating with the U. S. Treasury Department in a bond sales promotion to last for four weeks.

For each bond purchased the buyer may sign his name on a form slip which is directed to either "Adolf" or "Tojo" and these stickers will be affixed to parachute bombs to be dropped over enemy territory. This helpful assistance through the buying of war bonds is called "armchair bombing."

Hammer Toward Cherbourg

Allied Forces are Making Progress Despite Fierce Counter Attacks

By West Gallagher
SUPREME HEADQUARTERS ALLIED EXPEDITIONARY FORCE, June 9.—(AP)—A powerful American thrust has plunged within 18 miles of the prize Port of Cherbourg after capturing Ste. Mere Eglise, the Germans conceded today, and Supreme Headquarters reported armored combat rising in intensity on the plains of France.

Allied Headquarters, announcing "satisfactory progress" all along the 60-mile beachhead front, said tonight that both sides were throwing more and more armor into the battle. Canadians and British had joined forces for a coordinated assault on Caen, pivot city at the eastern end of the combat zone.

SUPREME HEADQUARTERS ALLIED EXPEDITIONARY FORCE, June 9.—(AP)—American troops hammering toward Cherbourg have captured Ste. Mere Eglise, advancing within 18 miles of the strategic port, the Germans conceded today.

Supreme headquarters made no mention of the town, but declared Allied forces were making progress in all sectors despite fierce Nazi armored counterattacks over the green wheat fields and orchards of Normandy.

The German communiqué conceded the loss of Ste. Mere Eglise, astride one of the main German arteries leading to Cherbourg, saying the Americans were pushing "north and south" from the landing head there.

Then a later Berlin broadcast said U. S. troops had advanced a mile beyond the town toward Valognes, 12 miles southeast of the port that would form a great funnel for Allied reinforcements and supplies into the battle for France.

American Rear Admiral John Leslie Hall, Jr., on a tour of the beachhead, told correspondents operations were going well, but stressed the necessity of quickly building up our forces.

At least 1,600 Nazi prisoners have been taken. A field dispatch today said Americans had captured 600, including some Russians and Poles.

Americans at Formigny

Doughboys have occupied Formigny on the road from Caen to Carentan, a field dispatch said. Formigny, one of the few towns identified of many reported taken, is nine miles northwest of Bayeux and three miles inland.

Other Berlin broadcasts reported street fighting in Caen, and an Allied push toward Carentan, 40 miles to the west, and 29 from Cherbourg.

Supreme headquarters gave no confirmation of these or other details, but declared the steadily-augmented Allies were holding firm under counter blows of increasing weight and "making progress" on all sectors.

Front dispatches said the battle was developing into a race for supplies, and "it looks as if the Allies are winning." There was a freshening breeze today over the misty English channel after a hampering overnight rain.

The Germans rolled up more tanks, dropped parachute troops, and sent some supplies charging to the front behind horses.

The Germans made no mention (Please turn to page 3 column 7)

Freedom, No Matter its Form.
Thesis of Paul's Word to Slave
and Master. Text: Philemon 4-21

By William E. Gilroy, D. D.
The Book of Philemon consists of a single chapter, but apart from its interest as a personal letter it has the interest of touching upon a problem—slavery—that has been very practical and vital in some part of the world throughout almost the entire course of human history. For slavery continues in some form or other in more parts of the world, more extensively and more cruelly than most people realize. It existed in the British empire until something more than a century ago and it has existed within these United States within the memory of a few persons still living.

It may be recalled that the famous Negro scientist George Washington Carver, who died last year and who did so much for his southland, was born in slavery.

Yes we are living in days when restoration of slavery upon a vast scale threatened to engulf Europe and the so-called "master race" made little effort to conceal their plans. The fact that the nations are so organized and so working and fighting to prevent that shows what civilized nations and peoples think of slavery today.

But what about Christianity and slavery? Was Paul a defender of the institution? Was he an appeaser, upholding the rights of the master against the slave?

According to record, Paul was not discussing the rights or wrongs of slavery. He was dealing with

a specific situation in which both the master and the slave were professing Christians, neither of whom had much power to affect the institution; he was discussing their personal relations and responsibilities in this situation.

Onesimus had run away from his master, Philemon. Whether or not he had been a Christian when he had run away or had later come under Paul's influence is not indicated. But for a slave to run away was a serious offense, involving heavy punishment, and much depended upon the merciful attitude of Philemon. The position of Onesimus was compromised. As a runaway he could not be really free. Paul evidently urged him to return.

But to both master and slave Paul proclaimed the demands of Christian brotherhood. Both were subject to a higher law than that of the slave-ridden society in which they lived. Philemon was urged to receive Onesimus not as a slave but as a beloved brother and Onesimus was urged to return as a penitent Christian.

To assume that Paul was unconcerned about the institution of slavery is to go contrary in every way to what Paul wrote. He was profoundly a champion of liberty. While he himself was a prisoner, he expressed the wish that all men might be free.

But Paul perceived that freedom is not just a matter of outward situation. It is only as men live in brotherly relations that they can really be free. Paul cared much less about the form of freedom than about its reality.

Passport to God

Man is a creature of many needs; but his supreme need is God. His hunger for the divine may be unconscious, but it is always very real. We see many evidences of this God-hunger when war begins to garner its frightful harvests of destruction and death. Men ask, in despair, where shall we find God? Ultimately, they must turn to religion as the only way to find Him.

Religion is a vital and inseparable part of balanced human living. Only the truly religious may be said to possess the key to true happiness. This happiness comes from the deep-seated conviction of God's omnipresence, of His abiding love for the children of man, of His infinite understanding of all human problems. Religion, wherein this happiness alone reposes, is the means by which man directs his thoughts to God, and through which God, in turn, pours His grace in the hearts of His followers.

Skeptics may scoff at the practices of ritualistic worship, the outpourings of prayers and hymns, the patient strivings of weak men after perfection; but let them prove, if they can, that the man who bows to the idols of materialism possesses in his heart the least trace of that deep, nourishing peace which is the mark of those who have found a passport to God through a genuine and humble practice of religion.

God the Preserver of Man" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 11, 1944.

Golden Text: Jeremiah 30:11. I am with thee, saith the Lord, to save thee.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Lord shall preserve thee from all evil: he shall preserve thy soul. The Lord shall preserve thee going out and thy coming in from this time forth, and even for evermore" (Ps. 121:7-8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The power of God brings deliverance to the captive. No power can withstand divine Love" (p-224).

Late Market Reports

Livestock, Grain, Produce, Securities

Quiet Trading
By Tom Williams
CHICAGO, June 9.—(P)—Late profit taking and hedging sales erased most of the gains made by wheat futures in quiet trading today. A brief period of short covering had boosted wheat prices almost a cent a bushel but the market was unsettled and offerings on the advance were heavy.

Rye prices advanced in sympathy with wheat, then fell back just as quickly when wheat turned. Trade in the rye pit was nervous in tone, reflecting reports distillers opposed its use in industrial alcohol manufacture because of increased production costs.

Wheat closed 1/4 to 1/2 cent higher than yesterday, July \$1.60 to \$1.60 1/4. Oats were 1/4 to 1/2 cent lower, July \$1.18 1/2.

Many Leaders Down
By Victor Eubank
NEW YORK, June 9.—(P)—Recently side-tracked rails got back on the main thoroughfare in today's stock market while peace-rated issues, such as oil, liquor and specialties tilted forward.

It was far from a one-way route, however, and many leaders were in minus territory from the start. Extreme gains of a point or more were reduced here and there near the close and declines were plentiful. Low-priced performers came out in large transactions and helped put volume for the full proceedings at around 800,000 shares.

Commodities were erratic. At Chicago wheat finished up 1/4 to 1/2 of a cent a bushel. Cotton, toward the last, was down 5 cents to 49 cents a bale. Railway bonds stiffened.

Chicago Livestock
CHICAGO, June 9.—(P)—(War Food Administration)—Hogs: 14,000; slow, generally steady; good and choice 150 to 270 pounds \$13.75, the top; good and choice 280 to 330 pounds \$11.50 to \$12.15; mostly \$12.00 down; good and choice 150 to 170 pounds \$12.00 to \$12.00; these scarce; medium and medium to good 160 to 230 pounds \$11.50 to \$12.00; good and choice 350 to 550 pound sows \$10.50 to \$10.85; choice lighter weights along with extreme heavy barrows ad gilts \$10.90 to \$11.25; sorting very close both for sows and weight on 180 to 270 pound weights; approximately 15,000 hogs unsold, around 90 per cent support weights.

Cattle, 1,000; calves, 500; no strictly good and choice steers here; under-tone fully steady on well finished offerings but drags and weak on others; springling \$13.00 to \$15.50; 1100 pound fleshy dairy bred \$14.40; grassy and warmed up heifers \$10.00 to \$13.50; these 50 cents lower than week ago; receipts mainly cows, this class weak to 25 cents lower on crop of 50 to 70 cents decline late Wednesday and Thursday; cow market now generally 50 cents to \$1.00 under last week, only dry feed escaping decline; canners, cutters and common beef cows off most; weighty cutters \$5.00 down; canners \$6.50 to \$7.25; bulls fully with weighty sausage offerings to \$12.60; mostly \$11.00 to \$12.25; vealers \$16.00 down.

Obituaries

Sebastian Urban

Sebastian Urban, well known Sedalia, died at the family home, 212 West Third street at 10:20 o'clock this morning. He had been in ill health the past few months.

Mr. Urban was born August 19, 1868 at Liberty township, Cole county, Mo., and had resided in Sedalia since 1898. He was married to Miss Anna Moerschel on November 26, 1896 in Jefferson City. Mr. Urban was associated with his father-in-law, Franz Moerschel in operation of the Moerschel Brewing company for a number of years and later was until recently in business for himself. He was a member of the B. P. O. Elks over forty years.

Surviving are his wife, of the home, two sons, Carl F. Urban of Sedalia and Sebastian Urban, Jr., of Chicago, Ill., six daughters, Miss Marie Urban of Kansas City; Katherine, Mrs. Katherine Ward, wife of William Ward of Mt. Vernon, N. Y.; Alice, Mrs. Alice Davis, wife of William Davis of Kansas City; Mrs. Elizabeth Emery, wife of Clayton Emery of Sedalia; Ernestine, Mrs. Ernestine Allee, wife of Max Allee of Kansas City and Miss Frances Urban of the home; six grandchildren, Betty Lucille and Frank Urban of Sedalia; Richard and Kenneth Emery of Sedalia and William and Helen Ward of Mt. Vernon, N. Y.; two brothers, Nicholas Urban, Electra, Texas and William Urban, Centertown, Mo., and three sisters, Mrs. Mary Gosser, Jefferson City, Mrs. Annie Kraus, Osage City and Mrs. Lizzie Schubert, Osage City.

Mrs. Ward of Mt. Vernon, N. Y., has been in Sedalia since Sunday and the daughters residing in Kansas City were in Sedalia the past week.

The body is at the McLaughlin funeral chapel where services will be held at 2 o'clock Monday afternoon.

Mrs. Frank Hughes

Mrs. Myrel McGathay Hughes, aged 53 years, wife of Frank Hughes, died Thursday afternoon at her home, 1816 South Brown avenue, after an illness of one and one half years.

Mrs. Hughes was born at New Franklin, Mo., on January 27, 1891, living there during her early childhood before moving to Houston, where she was married to Frank Hughes on January 16, 1909. For 23 years they lived in and near Houston. For a number of years they have been in Sedalia, where he has been employed at the Pacific Cafe.

Surviving besides her husband are four children: Mrs. Fred Reuser, Little Rock, Ark.; Archie Hughes, 1314 East Tenth street, Sgts. Carl Hughes, of the Army, stationed at San Luis Obispo, Calif., and Ray Hughes, of the Navy, stationed at Farragut, Ida. Also surviving are several grandchildren, three sisters, Mrs. Jane Pummil, Houstonia, Mrs. Guy Messer, Houstonia, and Mrs. Clara Burk, Chicago, and two brothers, Lewis McGathay, Crisp, Mo., and Jesse McGathay, Stockton, Mo.

Mrs. Hughes was a member of the East Broadway Christian church.

The body is at Gillespie's.

William Gottschalk Service
Funeral services for William Gottschalk, 70, retired Missouri Pacific engineer, who died at the family home five miles west of Sedalia Wednesday afternoon will be held at the Gillespie funeral home at 2:00 o'clock Saturday afternoon with Rev. Clyde S. Sherman, pastor of the First Christian church to officiate, assisted by the former pastor, Rev. A. W. Kokendoffer.

Mrs. W. L. Lewis and Mrs. Roy Kirchhoff will sing, accompanied by Mrs. Mae Moser, "No Night There" and "The Last Mile of the Way."

Railroad engineers will serve as pallbearers.

They will be George Young, John Overmier, F. E. Rush, C. S. Koch of Jefferson City, D. D. Armstrong and H. E. French.

Burial will be in the Memorial Park cemetery.

Dresden Bible School Closes Sunday Night

The Dresden Vacation Bible school has been progressing nicely with an enrollment of 42 boys and girls. The closing session will be Sunday night at 8:30 o'clock at the Methodist church.

Each of the four classes will present some class work, including memory verses, songs and stories.

After the program, a social hour will be held in the basement where the handiwork will be displayed. All parents and friends are invited to attend.

Outing Planned for Sunday
The USO's of Sedalia and Warrensburg are cooperating with the service club at the air base for a series of outdoor picnics at Montserrat Park and the first outing is planned for Sunday. GSO girls are asked to register not later than Friday and obtain full particulars.

For Ambulance Service Ph. 8

Mrs. E. H. Brauer, of Cole Camp, has learned of the award of an air medal and three oak leaf clusters for "exceptional meritorious achievement while participating on bomber missions over occupied Europe," to her nephew, Lt. Justus M. Schwensen, Jr., of St. Louis, Mo., son of Mr. and Mrs. J. M. Schwensen, of Wichita, Kas.

The following was taken from the Wichita Eagle:

"The award was presented from an army air force base somewhere in England. Schwensen, who is a pilot of a bomber, enlisted in June, 1942, and has been overseas since December. His wife, Mrs. Arlen Schwensen, and his three-month-old son, Justus M. III, whom he has never seen, reside in St. Louis, Mo.

"Schwensen took part in the May 13 attack on aircraft plants and oil refineries in eastern Germany, in which 63 Nazi planes were downed and 12 bombers and ten fighters were lost by our forces. On one mission over Germany, while the plane was still over the English coastline at 12,000 feet, the left door of the nose turret of Schwensen's plane blew off and threatened to foul one of the engines.

Freed the Door

"The engineer, on the plane took off his parachute and climbed through the dome opening to pry it loose. With the navigator holding him by the legs, he freed the door and the plane continued on its missions.

"Schwensen has a brother, Lt. Robert Schwensen, of the army air corps, who was reported missing somewhere in the Southwest Pacific over a year ago. Brig. Gen. Ray G. Harris will present the Distinguished Flying Cross to his wife, June, an employee of the Municipal Airport, at a ceremony at the airport.

"Two other brothers in the service are Officer Candidate Richard Schwensen, of Ft. Benning, Ga., and A/C Wilbur Schwensen, whose wife and daughter live here. The latter is taking his basic training at Tulsa, Okla.

"The four brothers were graduated from East high school and Richard and Robert attended Wichita University.

"Their mother is employed at Cessna."

Nazis Afraid, Jabber, Shout, Leave Quickly

(Continued From Page One)

In a great hurry.

This dispatch is written on the German commandant's desk with a half empty bottle of Nazi rum, a gas mask, a cigaret, a hunk of black sausage and signs of hasty departure in evidence. Cabinet drawers are pulled open, papers litter the floor and the whole room looks as though it has been ransacked by a gang of burglars.

Even the rum, tempting as it is to our dry throats and weary bones is left carefully untouched. We have been fully warned on the Boche's notorious tricks with booty traps.

The man hunt is over. A stocky, bronzed sergeant strides into the room and points significantly to the woods opposite the chateau whence the sniper's bullets have been coming.

"Got him, the blighter," he says, and then with a grin, "well what's cooking with you, tank?"

Dog Killed Last Week Suffered With Rabies

A black and white dog, owned by Mrs. Carrie M. Gray, 109 West Jefferson, which was killed last week by poundmaster J. B. Rowlette, was suffering from the rabies, a report from Jefferson City, where the head was sent for examination, shows.

WASHINGTON, June 9—(P)—President Roosevelt's personal physician termed his health excellent in all respects Thursday night—stirring new speculation over a fourth term nomination or a war voyage for the chief executive.

Reporting to newspapermen on a recent physical checkup Mr. Roosevelt underwent at the Naval Medical Center, the physician, Vice Admiral Ross T. McIntire, described the President as:

"In better physical condition

The Christian Science Board of Lectureship. At one time, Army authorities sent a special airplane on a 400-mile trip to enable a Christian Science lecturer to speak to members of the armed forces, the report stated. Two lecturers, instead of the usual one, were sent into Mexico during the last year, and for the first time in five years, American members of the Board were able to deliver lectures in Great Britain.

Regardless of the German blockade of Europe, copies of Christian Science periodicals were reported by the Trustees under the Will of Mary Baker Eddy to be finding their way into Switzerland.

Circulation at Peak

Despite the emergency rationing of paper and other wartime restrictions, the Trustees of The Christian Science Publishing Society revealed the largest circulation ever attained by the leading Christian Science periodicals, and Bible sales were twice those of 1942. This progress was made possible under paper allotments by reducing the basic weight of paper with no reduction in reading matter, excepting that of The Christian Science Monitor.

In the report of the Manager of Committees on Publication, a warning was sounded that as public thought becomes more socially-minded, a growing number of legislative bills providing for sickness or disability insurance poses a real threat to the growth of our religion.

Unintentionally, no doubt, but nevertheless certainly, the report made it clear that legislation of the type described would, if passed, curtail the freedom of Christian Science practice and thus encroach upon one of the four basic freedoms, the freedom of worship.

Christian Science

Army Chaplains

It was disclosed that 13 of the Christian Science Army Chaplains are now stationed overseas, and that one of these chaplains has been honored with the Legion of Merit for exceptionally meritorious conduct and courage under fire, which was an inspiration to the entire command. His report further pointed out that splendid spiritual healing is being accomplished by all of the chaplains.

The report of the Camp Welfare Activities showed that 2,000 War Relief Committees in Christian Science branch churches and societies in the United States and Canada are sending clothing in considerable quantities to Great Britain, Russia, Malta and Greece, and that 145 Wartime Officiating Ministers are at work in the field for the movement, along with 428 volunteer Christian Science War-time Workers.

Some 38 per cent of Chicago husbands help their wives with the dishes, according to a survey.

Production of 1000 octane gasoline is expected to double by the end of 1945.

Involved in a love affair. I don't know the particulars but I gather that the path of love is not too smooth. Quite often our lunch period is spent in silence, with Eunice off in a dream, coming back to earth with a little start and a rather sheepish smile. "Don't take it as nothin' personal if I don't tell you all what's on my mind," she said one day. There appears to be some reason why the identity of the lad on whom her affections are centered must be kept secret. Can Eunice be doing a little poaching? I wonder, but I do not ask, and this is appreciated. "One thing I like about you for a friend is you don't ask no questions," Eunice has told me more than once. Neither does she. I doubt if any other two lady-workers in Kerry Kraft know as little about each other's pasts.

ONCE, catching some betraying remark I had made, Eunice turned to me with a sudden suspicion in her eyes. "Say, Annie, how much schooling did you have?" When I said lightly that, believe it or not, I had got through fourth grade, she took it up. "Serious now, how many years?"

I tried to escape. "It seems like hundreds, looking back. That annoyed Eunice. "Don't go gettin' smart again. What's wrong with tellin' me?"

"Well, I finished high school." I must have sounded boastful. "What's so wonderful about that?" Gert demanded. "Jeeze, you did, too, didn't you, Eunice?" "Yes, I graduated. Back in '37." I thought we would veer off into reminiscence, but Eunice was still not free of suspicion, and she sat looking at me appraisingly. Finally, "You didn't never go to no college, did you?" There was a sort of uncertainty in her voice, a hope for reassurance.

"Me?" I didn't have to say any more. Gert settled it. "Jeeze, are you nuts?" she asked Eunice. "Her, college?" She turned to me. "If I was you, Annie," she said, "I'd slap her ears down for that one." Saved!

(To Be Continued)

While holding military might essential to the victory of allied nations over the anti-Christ claims of injustice and intolerance, The Christian Science Board of Directors today told the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, that freedom is essentially a spiritual gift "to be realized only through spiritual understanding and attainment."

Before an audience of several thousand Christian Scientists essentially local in character due to wartime restrictions upon transportation, the Directors cited the universal determination to win the peace as advance evidence of a world-wide realization that "righteous victory under arms will not suffice to guarantee freedom to mankind."

Gladys Gilbert Studio

PAUL STARK SEELEY Incoming President of The First Church of Christ, Scientist, in Boston, Massachusetts

Freedom from want and fear, freedom in worship and speech, the Directors stated, constitute much more than a political slogan or governmental ideology, "for our great Way-shower, Christ Jesus, proclaimed centuries ago that freedom accords with God's will and law; furthermore he gave simple, clear direction for the attainment of full freedom for the individual, and through the individual for all humanity."

"In other words, although it is desirable, yes, it is necessary, that the allied nations win the war against the anti-Christ claims of human will and personal domination, of greed, cruelty, injustice and tolerance, yet the righteous victory under arms will not suffice to guarantee freedom to mankind." That the world is coming to realize this fact was seen by the Directors in the careful consideration being given throughout the world to winning the peace, "that is, making world peace so secure that other wars will be precluded. Let our prayers for our dear ones who are in service, our prayers for our church, our nation, and for all mankind, find consistent expression in our everyday lives. Let us see that the triumph of Truth over error with us is a sure sign that the victory of good over all evil is assured, and that 'the kingdom of God is at hand.'"

Reports Given

The Directors' statement highlighted reports to the third annual meeting of the Mother church held under wartime conditions which cited increasing evidence of church growth and activity, and unprecedented demands for the

BENCH

VI

BENCH has reorganized. There is a new Boss and four new girls have been taken in, and I am one of the four. It is a little like our earlier lessons at Simpson's—a sort of handicraft class.

At Simpson's everyone was very solemn and fearfully painstaking about it—here, in what Simpson's referred to in reverent tones as "actual Shop practice," there is a pleasant happy-go-lucky attitude. At Simpson's our first lesson was to learn the proper names for new tools—our finishing hammers, our mallets, our six-inch scales, not "rulers." Here at Kerry Kraft practically any tool is, in the language of the men, "that there," and in the language of the girls, a "jigger." "Say, Annie, lend me your jigger." You have to stop and see what your companion is doing, figure out what tool she may want, then scramble through your toolbox and produce it. At Simpson's the borrowing was considered one of the major sins; here at Kerry Kraft we could not live without it. Alas, there is a good deal of unauthorized borrowing, too—a vicious circle, for if someone has lifted your hammer, you lift someone's else's.

My gun-sets for riveting, my beautifully polished and satin-smooth bucking bar (which I had nicknamed my "Marvel Magic"), my little case of drills, are put away. In Bench we need only hammers, mallets, files and the more punctious of us, our scales. Bench is a large department of the Plant, for in Bench are made all the small pieces which Sub-assembly and Final put together. But it is not up into small dimensions which are scattered through the building. In ours, Bench S-2,

"One thing I like about you for a friend is you don't ask no questions."

Inspection puts its stamp on them and halloo to you to take them away. Then, down the aisle, past other sections of Bench and past the Paint-shop, we leave them with Gus, of the Heat-treat Department.

Eunice and I, lunch companions now for two months, are accepted as "girl friends." "Say, who's your good-looking girl friend?" one of the "fellows" asked me the other day. "How's about a little introduction?" It wouldn't do him much good, for Eunice is already

Town Talk

merry-go-round

by Drew Pearson

WASHINGTON, June 9—Just before Vice President Wallace left for China, he had a talk with the president which may have important bearing on his political future. Wallace laid it right in the lap of the president as to whether he, Wallace, should be on the Democratic ticket.

He told FDR that he realized the question of who would run for vice president on a Roosevelt ticket was the hottest political issue in the nation today, and added that he personally was relatively unimportant.

"The main thing," he said in brief, "is that you be re-elected. Therefore, before I leave the country, I want you to know that I am perfectly prepared to step aside. Furthermore, I want you to feel that you are perfectly free to make your decision without further consulting me."

This struck a responsive chord with the president. But he did not commit himself. To do so might have indicated definitely that he planned to run and, so far as anyone knows, he has not done that even to members of his own family.

The president has always appreciated Wallace's loyalty, especially after the beating Wallace took at the hands of Jesse Jones during the row over the board of economic warfare. Jones has been reported determined to keep Wallace off the Democratic ticket and, judging by the part played by Jesse's nephew in the anti-Roosevelt revolt in Texas, he has a lot of bargaining power. However, the president can be awfully stubborn and he may get the "old Dutch up" regarding having Wallace on the ticket.

Navy Undersecretary

New Secretary of the Navy Jimmy Forrestal has not endeared himself either to the White House or the admirals in his maneuvering to pick an undersecretary of the navy.

Jimmy's first personal choice for undersecretary was Struve Hensel, the Wall Street lawyer now heading the navy's procurement legal division. However, this would have meant too many Wall Streeters running the navy. (Forrestal himself was head of Dillon, Read; Assistant Secretary Gates was head of New York Trust; Assistant Secretary Bard is a Chicago investment banker.)

No Forrestal then turned to Charles Thomas of California who, however, turned out to be a banker gilded over. He had been with the banking house of Dillon, Read, but was sent out to California to manage a clothing firm which went bad on its loans.

Meanwhile, the president had suggested Adlai Stevenson of Chicago, grandson of Vice President Stevenson of the second Cleveland administration, and one of the best young men in the navy department. But Forrestal turned his thumbs down, giving Stevenson the brush-off so vigorously that the latter is now quitting his job as special assistant to the secretary of the navy.

The president also favored Donald Russell of South Carolina, the chief assistant to Justice Jimmy Byrnes, but Forrestal didn't.

Forrestal then brought up the name of John Kenny, a San Francisco lawyer, and is also thinking of making Ralph Bard undersecretary, with Struve Hensel taking his place as assistant secretary. However, the president has never quite forgiven Bard for his speech in the fall of 1942 in which he said, "We are losing the war." Also, both Bard and Assistant Secretary Gates have been blamed for making a flub of the Brewster airplane plant shutdown.

So Jimmy Forrestal is having an awfully hard time pleasing everyone.

Montgomery Ward Hearings

During the recent congressional hearings on Montgomery Ward, WLB Chairman Will Davis was on the witness stand being cross-examined by Chicago's hard working Republican Representative Charles Dewey, partly with questions slipped to Dewey by Montgomery Ward's John Barr.

Dewey was asking about the operations of the War Labor Board in connection with Montgomery Ward and, as the cross examination got hot, Davis shot back:

"If you think these are so easy, come and sit in my seat."

"I'm having a hard enough time being re-elected to take time out to do that," replied Congressman Dewey good-naturedly.

CIO leaders who sat in on the hearing came up to Dewey later and jokingly reminded him that, if he wanted to be re-elected, he shouldn't forget the 500 members of the Montgomery Ward union

Father of the Keys 'Quads' is Improved

(P)—Flake M. Keys, father of the famous Keys quadruplets, was much improved Thursday after suffering a heart attack but was "still a pretty sick man."

Scene of the wedding of Mary Keys, last unmarried member of the quartet of sisters, was shifted to Oklahoma City and it was tentatively planned to hold it quietly in a chapel of the first Baptist church late tomorrow.

Miss Keys will marry Sgt. Jack P. Anderson of Camp Hood and Plano, Tex. The ceremony was to have been held at the camp tomorrow. Keys was stricken Tuesday night.

Stokowski Contract Has Not Been Renewed

NEW YORK, June 9—(P)—Leopold Stokowski's contract as conductor with Arturo Toscanini of the NBC symphony has not been renewed for next season, the National Broadcasting Company announces.

Toscanini objected to sharing the leadership, the New York Times said, believing it would be better if the orchestra had one conductor rather than two with contrasting styles.

Divorce Is Petitioned

J. L. Colbert filed suit for divorce from Lillian Marie Colbert in the Pettis county circuit court Thursday.

The couple was married June 1, 1934 in Benton county and separated in April, 1944.

IN THE PROBATE COURT
STATE OF MISSOURI.)
(SS.
COUNTY OF PETTIS.)
Be it remembered, that on Friday,
May 19th, 1944, the same being the
eighth day of the regular May Term,
thereof, of said Court the following
among other proceedings was had
before said Court and entered of re-
cord, to-wit:

Order of Publication
Number 9111
In the Matter of the Estate of Jennie
V. Hilligoss, deceased. Ray Hillig-
goss, Administrator.
Ray Hilligoss, Administrator of the
estate of Jennie V. Hilligoss, de-
ceased, presents to the Court his peti-
tion, praying for an order for the sale
of so much of the real estate of said de-
ceased, described as follows, to-wit:
Lot Number Two (2) in Block
Number Twenty-three (23) of
Sarah E. Smith and Martha E.
Martin's First Addition to the
City of Sedalia, Pettis County,
Missouri, as will pay and satisfy
the remaining debts due by said
estate, and yet unpaid for want
of sufficient assets, accompanied
by the accounts, list, and inven-
tories required by law in such
case.

On examination whereof, it is or-
dered that all persons interested in
the estate of said deceased be not-
ified that application as aforesaid has
been made, and that unless the con-
trary be shown on or before June
27th, 1944, an order will be made for
the sale of the whole, or so much of
the real estate of said deceased as
will be sufficient for the payment
of said debts; and it is further or-
dered that this notice be published in
some newspaper in Pettis County,
this State for four weeks prior to
said date.

Attest: A true copy from the record.
J. E. SMITH,
Judge and ExOfficio Clerk of
Probate Court, within and for
Pettis County, Missouri.

SHERIFF'S SALE IN PARTITION
By virtue and authority of an order
of sale in partition, issued from the
office of the clerk of the circuit court
of Pettis County, Missouri, dated
February 26, 1931, and renewed May
12, 1944, and to me directed in favor
of the Matter of Application for dis-
tribution by Partition of the estate of
Alexander Dow, deceased, ex parte,
and it appearing to the court that the
parties are entitled to the relief pray-
ed for in said petition, ordered that
the property described in plaintiff's
petition be sold by the sheriff of
Pettis County, Missouri, as provided
by law in such cases. Now, therefore,
in order to comply with the terms of
said order of sale, I, the undersigned
sheriff of Pettis County, Missouri,
shall proceed to sell the said real
estate, so ordered sold, and situated
in Pettis County, Missouri, to-wit:
The middle part of Lots Twelve
(12), Thirteen (13), and Fourteen
(14) of Block Fifty (50) Original
Plat of the City of Sedalia,
in Pettis County, Missouri, and I will
on Saturday the 10th day of June
1944 between the hours of 9 o'clock
a. m. and 5 o'clock p. m. of said day,
at the west front door of the court
house, in the city of Sedalia, Pet-
tis County, Missouri, and while the cir-
cuit court is in session, sell the above
described real estate at public auction
to the highest bidder for cash in hand
in order to comply with the said order
of sale.

Dated this 19th day of May 1944.
C. R. BOTHWELL,
Sheriff of Pettis County,

Every step forward that Allied invasion forces take on European soil brings near the D-Day—Day of Downfall—for the traitors who stabbed their countrymen in the back by playing the Nazi game. Four of those who watch the Allied advance most fearfully are pictured above. Top, left, is Norway's Vidkun Quisling, whose name is now a common noun in the vocabulary of infamy. Top right is France's Pierre Laval, several times the target of assassination attempts; below are, left, Anton Mussert, No. 1 Dutch Nazi, and Leon Degrelle, Belgium's Fascist leader.

NEW YORK, June 9.—(AP)—The national baseball congress, Ray Dumont's big semi-pro outfit, is ready to tackle a job that the minor leagues considered too expensive—distributing free instructions to kids on how to play baseball. . . . Dumont already gives out rule books through 125 radio stations and reports that three-fourths of the requests come from kids. . . . Next year the books will include something on how to make those plays the rules say are okay. . . . "The price of baseball books which are now on the market is too steep for the average kid," Ray explains.

Young Wilson, in his first year of competition, scored 115 points in nine meets and was unbeaten in the 440-yard dash. . . . Who said baby needs a new pair of shoes?

**Instill Bitter, Constant
Hatred Of The Americans**
By Larry Allen
(Just repatriated from a Ger-
man prison camp).
NEW YORK, June 9.—(AP)—In-
tense, all-consuming, day and
night hatred of the American peo-
ple is the order of the day in Nazi
Germany.
Her press and radio pound it
into the war-tired brains of the
German people constantly.
Leading the campaign is Robert
Ley, chief spokesman for Hitler.
Ley's job as chief of the labor
front is to keep every able hand
working for the war machine. But
he travels over all Germany with
his cry of hate and blazes it daily
in the Berlin newspaper, "Der
Angriff."
This is typical:
"Hate! Hate! Hate! Every Ger-
man must hate the gangsters, the
murderers, the assassins who come
from the center of world Jewry
and capitalism—the United States
of America."
"In this war, there can be no
compromise with these half-breed
Americans who come across the
sea to slay in a war that does not
concern them."
Runner-up is Reichsminister Al-
fred Rosenberg, who travels from
the Baltic countries to Romania.
"Americans are the bloodiest
sneer on culture and freedom the
world has ever known."
"They erect great skyscrapers of
steel and concrete; they live on
sex, and propagate a cross-section
of the world's worst examples of
humanity."
Think Americans Soft
The average German thinks
Americans are "soft" because they
feed ice cream cones and good
food to Nazi prisoners of war.
German prisoners released from
the United States frequently told
me that Americans regard Ger-
mans as "supermen" and treat
them as guests.
"You," a German prison camp
official told me, "are a prisoner
of war. You are subject to the
most rigid German military con-
trol. This isn't Hollywood—you eat
what we give you or go without
anything. Germany produces sol-
diers. Here everyone works. In
America, everyone plays and hopes
the war will go on for a long time
so everyone will make more
money."
"To us, this war is life or death."
"To you Americans, it is just
another episode in a Hollywood
film. And, of course, as long as
your prison camp officials treat
Germans like guests, they accept it,
but secretly they think you
Americans are soft and foolish."
In Innsbruck a German captain
dragged me out of a cattle car in
which I had ridden for 48-hours
with only a slice of black bread
and a ring of German wurstmeat
to eat.
"Why did you come over here
to fight?" He stormed. "Why don't
you Americans live up to your

Side By Side**
American First
And British 50th
Battle Germans
By Hal Boyle
LONDON, Friday, June 9.—(AP)—
Two of the toughest, hardest-
fighting divisions in the American
and English armies—the famous
American First infantry division
and Britain's renowned Fifth
Northumbrian division—are crack-
ing the Germans again side by
side, this time on the fields and
beaches of French Normandy.
Headquarters officially an-
nounced today that these divisions,
the first once a part of the Fifth
U. S. army and the Northumbrian
an important cog in the British
Eighth army, spearheaded the Al-
lied invasion from the sea and
made excellent progress after
smashing enemy counter-attacks.
Most of the boys in the first
originally came from the east, in-
cluding hundreds from Brooklyn,
but it has had so many replace-
ments that it now is an all-Ameri-
ca division.

Third Time Together
It is the third time these wise-
cracking Americans and their
slow-talking buddies from Eng-
land's north lake country have
muddled Nazi battle plans togeth-
er.
First it was in the deserts of
North Africa, then the mountains
of Sicily. Now they're battling
shoulder to shoulder again on
France's coastal plain.
(The German controlled Calais
radio, in a broadcast recorded by
the Ministry of Information, said
tonight the German high com-
mand named these Allied forma-
tions as participating in the Nor-
mandy fighting: Vire estuary and
east coast—U. S. First, Fourth and
Twenty-Ninth infantry divisions
and the 506th parachute regiment;
Caen—British Sixth airborne di-
vision; Arramanches—units of the
Third British and Third Canadian
infantry).
The sturdy Northumbrians have
gone a long way since they left
their windy pastures to battle Eng-
land's foe. They fought in France
and Flanders and their rocky stand
at Arras and along the Ypres-
Comines canal gave other British
and French troops precious time
for the epic Dunkerque with-
drawal. They back-stopped with-
drawal of the South Africans to
Tobruk during Rome's last great
plunge in Libya and then saved
themselves by a spectacular front-
al break through the German lines
and a wide sweep back to re-
join the Eighth army on Egypt's
borders. Then they helped pursue
the Nazis across Africa, Sicily and
into Italy.

"You forget," I answered, "that
you first declared war on America.
The United States doesn't want
anything in Europe. We fight only
to preserve the right to live our
lives the way we want to live it."
"Schweinhund! American dog!"

Club, Church Enlighten Rural Life

Norma Demand Of
Smithton Club
Outlines Objectives

Rural Life Sunday in Pettis County was observed in many communities and in various ways. The Georgetown community featured a basket dinner with a social time together after Sunday school and a program during the afternoon presented by the 4-H club of the community with the Rev. R. E. Hurd, of Sedalia, as the speaker of the afternoon. His message contained a challenge to the boys and girls of the community.

The Smithton service included numbers from the various clubs represented and was highlighted by a talk given by Norma Demand on what 4-H club work contributes to rural living. Highlights of her talk are given here:

"4-H Club work is a nationwide program, primarily educational in nature, rating second to the public school system. The purpose of 4-H club work is to teach rural boys and girls the latest and best agricultural and home economic practices and the finer and more significant things of rural life.

to Talk About!

It is no longer necessary to put up with the trouble caused by Pin-Worms. Don't let your child or yourself suffer that tormenting, embarrassing rectal itching, or take chances with the internal distress. Medical science has now discovered a new and highly effective way to deal with this stubborn and troublesome infection. This important scientific discovery is a remarkable drug known as gentian violet. It is the vital element in P-W, the new Pin-Worm treatment developed by the laboratories of Dr. D. Jayne & Son, America's leading specialists in worm medicine. P-W tablets are small and easy to take, and they act in a special way to destroy the ugly creatures.

Watch for the warning signs: Itching nose and seat, uneasy stomach, bed-wetting, uneven appetite. Remember that now there is a treatment that works on Pin-Worms as no old-fashioned "worm syrup" or "worm candy" could. So if you even suspect Pin-Worms, get a box of P-W right away, and follow the directions carefully. P-W means Pin-Worm relief!

Fighting Days Over for These Germans

ed it grow and tended to its needs, has done so without enriching his own nature. That is why the love of livestock which 4-H club projects foster, makes an enduring contribution to a young person's life, reaching far beyond the results he may be able to show with figures.

"The interests of 4-H club members are not bounded by the family hearthstone and farm-lands. Increasing emphasis is being given to such activities as the beautification of church and community plants, to participation in special church services, and to extending helping hands toward less fortunate households. This is the 'greater loyalty' through which the 4-H member becomes aware of a brotherhood embracing not only his home and his club, but the world in which he is a part.

Club Objectives
"The club helps rural youth to develop a sense of responsibility for the attainment of the following objectives:

"To acquire skill in farming, homemaking and community leadership; also to develop a clearer vision of agriculture as a basic industry and homemaking as a worthy occupation to conduct farm, home, and community projects or enterprises.

"To develop an intelligent understanding and appreciation of nature and also the conservation of natural and human resources.

"To develop a scientific attitude toward the problems of the farm, the home, and the community.

"To train in cooperative action as a means of increasing personal accomplishments and of solving community problems.

"To develop desirable habits related to healthful living, intelligent use of leisure time, and a rich and more abundant living.

"To increase rural leadership, community pride and spirit. It builds young men and women who know how to conduct meetings, organize community projects, and who are trained to judge crops, livestock, and products of the farm and home.

"To emphasize the home—the place where the project is usually carried out—and bring parents and children increasingly together in a common interest.

"To develop self-reliance, ambition, and aggressiveness. It applies business methods to farming and promotes industry and thrift.

"To foster individual ownership, a love of nature, and the open country.

"Above all, to develop the highest type of manhood, womanhood, and American citizenship."

War Correspondent Writes of Col. Arthur Salisbury, Sedalia

Colonel Arthur Salisbury, of Sedalia, is given special recognition in an article by Duke Shoop, correspondent for the Kansas City Star, who is one of numerous special correspondents covering the invasion. Col. Salisbury has been in England since the windup of the Tunisian and Sicilian campaign.

Col. Arthur Salisbury

Shoop gives much credit to Kansans, Kansas Citizens and Missourians in his article telling of qualifications of numerous officers in the Ninth air force tactical reconnaissance group who had much to do with pre-invasion preparations.

Relative to Col. Salisbury he says:

"Col. Arthur Salisbury, Sedalia, Mo., is credited with having had a big hand in the North African, Italian and Sicilian campaigns. The king of England presented him with the British Distinguished Flying Cross and Stalin honored him with the Order of the Red Star. General Dwight Eisenhower and General George C. Marshall have showered commendations upon the modest 27-year-old Missourian. Salisbury commanded a famous fighter squadron that was attached to General Bernard Montgomery's Eighth army. This group alone accounted for seventy-six German planes in the heavy fighting at Cap Bon in the final stages of the Tunisian campaign.

Commands Fighter Wing
"Now as commander of a fighter wing of Thunderbolts, his responsibility is comparable the head of a big American corporation. For weeks Salisbury has been directing the work of Thunderbolt fighter-bombers, the four groups under his command being credited as the hottest pilots in the Ninth tactical air force.

"When Salisbury and his men and machines move to France, you may expect to hear more and more and more of the young Missourian.

The Ship That Came Back

D-Day at France's beachheads was a day of glory for the U. S. battleship Nevada. Left a blazing hulk by the Japanese attack on Pearl Harbor, Dec. 7, 1941, as seen in top photo, the big ship was salvaged. Lower photo shows the Nevada as, refitted and re-armed to even greater strength, she went back into active service. Climax of her "second life" was great role she played in blasting path for Allied invasion forces on Normandy peninsula.
